

List of Banks Owned by the Rothschild Dynasty

When it is pointed out that Jewish oligarchs run the world some people will scoff and accuse you of being a “conspiracy theorist”. The very term “conspiracy theorist”, incidentally, was contrived by a CIA think tank under the U.S. Bush Jr. administration as a tool to ridicule anyone who did not believe the “weapons of mass destruction” lie used as a pretext for the war with Iraq. Thus, truth tellers were marginalized and ignored so that yet another bogus war for the oligarchy could proceed unhindered. Anyone who utters the words “conspiracy theorist” or any other dismissive slur in regard to matters of extreme gravity only displays their own ignorance and/or hatred of the truth, and love of a lie:

II Thessalonians 2:11-12 *And for this cause God shall send them strong delusion, that they should believe a lie: That they all might be damned who believed not the truth, but had pleasure in unrighteousness.*

We live in an era of deep deception and the fact is that most people are unable to think beyond the narrow spectrum of mainstream media “programming” coupled with “academic” programming, all of which is ultimately controlled by Zionist Jews. Our governments, filled to the brim with political Zionists (both Jewish and so-called “gentile”), ensure that the masses are brainwashed from kindergarten onward with a compulsory state “education” -- indoctrination which fulfills the tenth plank of the Communist Manifesto. This “free” education gives the Marxist-socialist-“progressive” (i.e. communist) programmers free reign to brainwash students into compliance and acceptance of ideas that are utterly contrary to their best interests -- if they only knew the truth -- ideas such as “the Federal Reserve is a government institution” and is necessary to “stabilize the currency” – something it has NEVER come close to doing. In fact, it has done exactly the opposite. The Great Depression of the 1930s was CREATED by the Fed, as were a string of boom and bust cycles, most recently the 2006-7 “recession”, which wiped out trillions of dollars of real estate equity and middle class savings accounts and triggered a massive wave of foreclosures throughout the nation. The 1%ers at the top of the pyramid profited magnificently from this “sheering”, as they always do since they have disposable dollars to buy depressed properties and other assets at the bottom of the cycle.

The Federal Reserve is neither Federal, nor does it have any reserves, and it is as necessary to our well being as is a crime syndicate like the Mafia. The power of the Federal Reserve criminal syndicate in fact eclipses the Mafia a million times over, because it is able to rob from every single citizen of the nation, every single day, something a big Mafioso could only dream of doing.

All of our politicians are in the pockets of the corporate and banking oligarchs. This is proven by the fact that whenever there is a financial crash, politicians, instead of holding the instigators accountable, *bail them out* by giving them massive low interest loans through the Federal Reserve (the Jewish owned, U.S. central bank). The same is true for any other nation that has a central bank, which is most of them on the planet. The loans granted by the central bank then become part of the “national debt”. Guess who gets to pay the interest on this debt? – YOU, through your federal taxes. The IRS, for example, is nothing more than the collection agency for the Federal Reserve. When you pay your taxes none of the money goes toward new government services. It all goes to service the ever increasing DEBT that hangs over our heads – a debt that we citizens did not create and should, if this were a sane world, be repudiated. The world, however, is INSANE because it is run by a wicked tribe of “elitist” sociopaths hell bent on the abolition of national frontiers and the foisting of a global government on the world’s people.

Both the Federal Reserve and the IRS were established in 1913, under President Woodrow Wilson, who was coached and guided by one Edwin Mandell House, a Rothschild secret agent, who actually LIVED in the White House. House had no official title. The Federal Reserve Act, written by German-Jewish central banker Paul Warburg, is the single most damaging piece of legislation and scheme of mass plunder ever devised. In a speech before Congress in the 1930s Congressman Louis McFadden said the Federal Reserve was “*the mother of all conspiracies*”, and so it is to this day. In 1950 Paul Warburg’s son brazenly declared before Congress that “*We shall have world government whether you like it or not, by conquest or consent*”.

The Jewish bankers who own and run the Federal Reserve routinely create “boom and bust” cycles designed to wreck the U.S. economy and fleece the people of their wealth -- what little of it they have left. The “mistakes” made by government (according to controlled media) always manage to enrich the oligarchy even more, and then the government, under the thumb of bankers, uses our money to bail out the bankers, who in turn reward their political front men with contributions (bribes). Central banking has made a mockery of representative government, because at the bottom of it all, most politicians only work for the money power while giving lip service to the average citizen. Working Americans, who have little to no money left after paying their ever increasing debts, get nothing in the way of “service” from each crop of sycophantic, money-grubbing politicians, many of them perverts and sodomites to boot. The oligarchy simply loves men (and women too) who have “skeletons in their closets” because they are easier to control.

Psalms 9:17 *The wicked shall be turned into hell, and all the nations that forget God.*

Psalms 37:16-20 *A little that a righteous man hath is better than the riches of many wicked. For the arms of the wicked shall be broken: but the LORD upholdeth the righteous. The LORD knoweth the days of the upright: and their inheritance shall be for ever. They shall not be ashamed in the evil time: and in the days of famine they shall be satisfied. But the wicked shall perish, and the enemies of the LORD shall as the fat of lambs: they shall consume; into smoke shall they consume away.*

The money system of the U.S. and any other nation with a central bank, which permits a handful of private banker parasites at the top of the financial food chain to create money out of thin air through loans backed with NOTHING is as evil as it is senseless. The Federal Reserve Act, passed a century ago by bought off, traitorous politicians, usurped the U.S. Treasury and removed the very power to create money from the U.S. Treasury and gave it, lock stock and barrel to a handful of already obscenely wealthy private bankers. It was a crime of glacial enormity, the full extent of which is yet to be realized. The bankers who profit from this scheme are heartless sociopaths who, again to quote McFadden “would slit a man’s throat to get a dollar out of his pocket”. The wealth they garner from their theft is then used to kill our people through unnecessary wars, degradation of our food supply, tainting of our water, impoverishment, drugging and sickening of our citizens through the medical monopoly, promotion of all forms of degeneracy and sodomy and the funding of outright genocide against our people through mass immigration and incessant promotion of miscegenization.

The theft of central banking is now an “institutionalized” cancer and the public has been brainwashed to the point that they have no knowledge of the Fed, or if they do, believe this massive century-old robbery scheme is an essential government service! When have you EVER heard your evening “news” propaganda agent (anchorman) explain the function of the Federal Reserve? All you will hear is a bland comment like “the Fed raised its prime rate” or “the Fed lowered its interest rate”. Our people are being *destroyed for lack of knowledge!* Don’t expect any state or grant funded institution of learning to tell you any of this, because they are under pressure to keep you in the dark so that the grand theft of the Jewish central banking syndicate may continue unabated. The teachers and the administrators are themselves “programmed” with disinformation, and if any of them DOES know the truth, they must keep their lips sealed, or risk unemployment. The “science” of economics is as bogus as a three dollar bill, and was invented as a smokescreen to obscure the truth. The academic establishment is very much controlled by Zionist Jews at every level. They know quite well what is going on, but they embrace the system because they PROFIT magnificently off of it and in fact their “collective” world government power and wealth is built on the foundation of central banking. If central banking and usury in general were to disappear, so would most of the evil in the world, because it is central bankers, in particular, who FINANCE evil and destabilization, which works against the people, but to THEIR advantage.

All mainstream media is owned and controlled by Jewish billionaire oligarchs and the Zionist controlled western governments use the media as a propaganda tool to manipulate the ordinary citizen. Government as a whole has been restructured (communized) to *require* the central bank because it has the power to create loans out of thin air to finance ever expanding government projects – the building blocks of an ever more oppressive federal bureaucracy which naturally leads to pure communism. Central bankers are so powerful that they ultimately decide who will be elected as president, prime minister, chancellor or

whatever may be the highest political posts in the land. The people are only given the ILLUSION of choice. It is true that Trump was an “outsider” to the Zionist political regime in the U.S. but now that he is in office they will do everything in their power to foil his attempts to implement positive programs for the people, as opposed to further enriching the 1%ers who own and control 90% of everything in America – most of whom happen to be Zionist Jews or front men who care only for personal enrichment and nothing for a sovereign America or the welfare of working Americans.

Amschel Mayer Rothschild, founder of the Rothschild dynasty once said “*Give me control over a nation’s currency and I care not who makes the laws*”. His descendants and their tribal brethren now have control of America’s money system. Truly, the “elected” officials and even the unelected bureaucrats have no power that is not granted to them by the banking oligarchy. As long as they are working, directly or indirectly, for the criminal banking cartel they remain employed. Should they attempt to work against it they will be marginalized, not elected the next time around (because their opponent will be massively funded) or, if they poke the beast too hard they may die for their trouble, as did Presidents Kennedy, Lincoln, Garfield, McKinley, Congressmen McFadden and McDonald and other brave men and women who have learned the truth and dared pick up a sword and fight for the rights of the people to be free from the oppression wrought by a global criminal banking syndicate.

The stock for these central banks is not publically traded and stays perpetually in the hands of the family dynasties that owned stock at the inception of each central bank. As a smokescreen, the Rothschilds, Rockefellers, Warburgs, Schiffs, Lazards and other owners of central bank shares do not directly own the stock, but rather it is held by their tax free foundations or smaller banks, which they own and/or have a controlling interest. In confusing the issue of ownership the flimsy argument can be made that the central bank (the Fed, for example) is a “government institution”, an argument which clearly holds no water because the foundations and banks owning stock in the Federal Reserve monstrosity are all PRIVATE businesses owned by Jewish oligarchs.

Who runs the Federal Reserve on a daily basis? The last four chairmen/woman of the Federal Reserve have all been Jewish: Volker, Greenspan, Bernanke and Yellen. The odds of that are less than 1 in 6,000,000. Are you beginning to understand who holds the keys to power in America and the rest of the world? It is the very one you can’t criticize for fear of running afoul of their thought control gestapo-style organizations like the ADL, ACLU, SPLC, and AIPAC. No other race has organizations of this type, because no other race is engaged in such a massive web of deception and criminality.

The Federal Reserve collects approximately 350 billion dollars a year in interest from the American people through tax confiscation. It is the most profitable corporation by far in America, raking in more money than the next five or six most profitable corporations combined and yet it produces nothing, sells nothing, provides no service required by the people, and creates nothing but debt. It is a criminal syndicate with nerves and tentacles penetrating to the deepest levels of government and the “military-industrial complex”. The central bank is, for Bible readers, the atomic engine that drives “mystery Babylon”.

Following is a list of the central banks in which the Rothschild dynasty has a controlling interest (majority ownership of shares). Other shares are, to be sure, owned by fellow members of the tribe. If you want to know where our next war will be, consider which nations do not yet have a Rothschild-controlled central bank, and are closest to the Israeli state, a Rothschild project and their proposed seat for world government:
