

Congressman Louis McFadden, an Unsung American Hero

Pulled from longer essay at: <https://www.revelationoutpost.com/rothschild-zionism.html>

In a twenty-five minute speech before Congress in 1932 unsung American HERO Louis McFadden, who was a banker himself and a respected Congressman, exposed the activities of the Federal Reserve and provided a laundry list of its traitorous and criminal activities to his fellow congressmen. Amazingly, even at that early date, his testimony was ignored by a "bought and paid for" Congress and he was later poisoned for his trouble, dying at the age of 60. Excerpts from his speech are provided following the next two paragraphs.

If anything, the depredations of the Fed are far worse today than they were in McFadden's day. The recent \$2,000,000,000,000+ bailout of "too big to fail" Wall Street banks by the Fed was theft on a "too big to contemplate" scale. While petty criminals are getting locked up for stealing hundreds of dollars, the "Jewish"-Zionist criminals at the Fed can steal billions of times that of a typical jailbird and it is all perfectly "legal" according to the Federal Reserve Act, the worst piece of legislation ever adopted. Millions of families can lose their homes to foreclosure, thousands of small businesses can go down the toilet, multi-national corporations can gobble up all of the business, we can all be subject to more taxation, a higher cost of living due to inflation, reduced wages, and damaging downturns in the economy, all engineered by greedy, unethical bankers to shear the middle class of its assets, and yet we (the occupied territory of the U.S.) cannot let bloated Wall Street firms die a needed death for being criminally irresponsible because that is not what the Rothschild dynasty and their criminal cartel desires. The system is purely satanic.

What if that two trillion dollars had been divvied out to the American public? This phenomenal sum would have been enough to PAY OFF all of the residential mortgages in the nation! Think of what an amazing boon that would have been to the economy. But, NO, that would be too sensible and sane. The money was instead given to the very despicable gold-plated leeches who needed it the least -- all of whom are allied with the Rothschild central banking syndicate. Goldman Sachs employees already making six and seven figure salaries were given bonuses out of the bailout money. It wasn't a "bailout" at all, but rather a giveaway of YOUR money to the criminal "elite" scum of the earth who deserve public hangings for their many crimes against humanity. The Federal Reserve is world-class theft all around and the main beneficiaries are the "Jew" Zionist criminals who own it, run it and their favored "customers" who feed at its money trough. This is precisely why McFadden wanted the Board of Governors of the Federal Reserve tried as criminals and punished accordingly. McFadden should be lauded in every American history textbook for his amazing effort, but he is long forgotten, relegated to the Orwellian "memory hole", which is yet another indication of overbearing "Jewish" control over American "news" and "history". It looks like we will need to wait for God Almighty to mete out the appropriate punishment. Quoting from McFadden's speech to Congress in 1932:

Mr. Chairman, we have in this country one of the most corrupt institutions the world has ever known. I refer to the Federal Reserve Board and the Federal Reserve Banks. The Federal Reserve Board, a Government board, has cheated the Government of the United States and the people of the United States out of enough money to pay the national debt. The depredations and iniquities of the Federal Reserve Board has cost this country enough money to pay the national debt several times over. This evil institution has impoverished and ruined the people of the United States, has bankrupted itself, and has practically bankrupted our Government. It has done this through the defects of the law under which it operates, through the maladministration of that law by the Federal Reserve Board, and through the corrupt practices of the moneyed vultures who control it.

Some people think the Federal Reserve banks are United States Government institutions. They are not Government institutions. They are private credit monopolies which prey upon the people of the United States for the benefit of themselves and their foreign customers; foreign and domestic speculators and swindlers; and rich and predatory money lenders. In that dark crew of financial pirates there are those who would cut a man's throat to get a dollar out of his pocket; there are those who send money into States to buy votes to control our

legislation; [this is the function of AIPAC - ed.] and there are those who maintain international propaganda for the purpose of deceiving us and of wheedling us into the granting of new concessions which will permit them to cover up their past misdeeds and set again in motion their gigantic train of crime.

These twelve private credit monopolies were deceitfully and disloyally foisted upon this country by the bankers who came here from Europe and repaid us for our hospitality by undermining our American institutions. Those bankers took money out of this country to finance Japan in a war against Russia. They created a reign of terror in Russia with our money in order to help that war along. They instigated the separate peace between Germany and Russia and thus drove a wedge between the Allies in the World War. They financed Leon Trotsky's passage from New York to Russia so that he might assist in the destruction of the Russian Empire. They fomented and instigated the Russian revolution and they placed a large fund of American dollars at Trotsky's disposal in one of their branch banks in Sweden so that through him Russian homes might be thoroughly broken up and Russian children flung far and wide from their natural protectors. They have since begun the breaking up of American homes and the dispersal of American children. ... Excerpt from a speech by Rep. Louis T. This is only the beginning of Congressman McFadden's speech and thus only the tip of the iceberg regarding the ongoing evil engaged in by the Fed. Pay careful attention to what is said above. McFadden reveals that the Federal Reserve actually rigs elections by sending money to its favored candidates in the States, a despicable practice that continues to this day. No wonder McFadden was opposed by the bulk of Congress. His fellow congressman had apparently been BRIBED by the Fed, not to oppose the Fed. Surely this practice has only gotten worse and it is the reason that the Federal Government is now controlled by Zionists. In fact, the America-Israeli Public Affairs Committee (AIPAC) routinely asks congressmen (and women) to sign an oath of allegiance to the Israeli state or else be politically ruined:

Former Congresswoman Cynthia McKinney has reported to several sources that all newly elected members of Congress are given an AIPAC loyalty oath to Israel to sign. If they refuse, a well-financed opponent will run against them, in most cases preventing re-election. She refused to sign it and lost her re-election campaign.

Because of the length of McFadden's speech it is not being quoted in its entirety in this essay. It can be found online. However, we must quote, for your convenience, the following essential points. These various multi-billion dollar swindles of the Fed are still in practice today, only the crimes are magnified, because the Fed has been completely institutionalized and the American people are as unaware of the criminal magnitude of it as an African tribesman who is dying from a parasitic infection he is unaware of. Now, the swindles are in the trillions of dollars (like the bailouts of so-called "too big to fail" Wall Street firms). This is exactly what we can expect when the very spawn of Satan is in control of the money and therefore the government. Unless the banker parasites are somehow expelled, America is absolutely certain to be reduced to third world status. This is exactly what the banking fraternity wants so that America may be neatly boxed into their "New World Order" global tyranny. We believe that God Himself will have to remove the parasite from planet Earth and His people should pray fervently for the day.

Americans have been slaves to a foreign-owned credit monopoly for over 100 years. There virtually NO free enterprise left in America. What counts as "business" is mostly corporate monopolization (referred to as the "private sector") and the cookie-cutter corporate franchises seen in every town and city of America are proof of it. The U.S. Government is mostly Communist whether the people realize it or not. Communism is for the most part "Jewish" autocracy. When the American people are completely broke the "Jewish" international banker-

parasites will turn their attention to Asia which is being fattened for the slaughter. Here are more points made in the monumental McFadden speech, which was all but ignored by Congress and is unknown today -- relegated to the Orwellian "memory hole" due to the fact that big media and "education" (indoctrination) is controlled by Zionist "Jews" at every level. McFadden died by being poisoned, most certainly at the hands of banker henchmen, and the long train of crime continues to this very moment.

More excerpts from McFadden's 1932 speech:

- *President Woodrow Wilson was deceived*
- *Wilson broke his promise to America not to establish a central bank*
- *Money from the Fed is ISSUED by private bankers and yet GUARANTEED by the U.S. Government which uses the "human resources" of the nation as collateral.* [Editor's Note: a value of \$100,000 per head is placed on the "resources" sent to fight Israel's wars for it. This serves as the "collateral" for more loans to the U.S. Federal Government by the Federal Reserve]
- *This is an era of financed crime in which the Fed is heavily involved*
- *The Federal Reserve Act was drafted by European bankers [such as Paul Warburg of the Germany's Warburg dynasty, primary shareholder's in Germany's Reichbank. Warburg actually wrote the Federal Reserve Act and was transported to the U.S. from Germany expressly for that purpose]*
- *A half million dollars (equivalent to around 13 million dollars in today's money) was spent on propaganda to give the impression in the early 1910s that there was a popular demand for that type of banking legislation, which there was not. Americans were deceived.*
- *The powers vested in the Fed are dangerous. There is NO political control of it. It runs the U.S. Government*
- *The rifraff of every country is operating on the public credit of the U.S. Government*
- *It created the great depression of the early 1930s and it creates ALL depressions and recessions*
- *In one day (in the late 1930s) 71,000 houses and farms in Oakland Co, Michigan ALONE were lost to foreclosure -- [The same phenomenon occurred when the real estate "bubble" burst in 2008-9. Many homeowners became "upside down" on their mortgages and let their homes go into foreclosure. Predatory "capitalists" snatched them up for pennies on the dollar - ed.]*
- *The children of those farmers who lost their farms to foreclosure are now slaves*
- *A central bank will prove to the advantage of the few at the expense of the many*
- *It will cause a shortage of real money necessitating the further extension of credit [i.e. bank loans and credit cards, which today's people are buried under. There is not enough real money in existence to pay off all of the debt, which can only mean the creation of more debt - ed.]*
- *"Colonel" E. Mandell House, a Rothschild agent, "guided" Woodrow Wilson, and "kept him firmly committed" to passage of the Act against his own weak will*
- *Statesman and patriot William Jennings Bryan, Secretary of State, was opposed to the banking bill*
- *Woodrow Wilson knew nothing about banking [which is why he was installed as President] and fell into the trap set by "Colonel" House, [who was not a real Colonel] making the notes issued by the Fed government obligations, rather than keeping the government out of the banking business and letting bankers suffer their own losses*
- *It is the worst currency and the most dangerous the country has ever known*
- *It makes the U.S. Government responsible for the private debts of foreigners*
- *It has a life and death power over all local banks and businesses*
- *It can be used to create or destroy prosperity, and cause panics*
- *It creates twelve private credit corporations giving them an absolute monopoly over American currency*
- *It buys the debt of dubious foreign business interests and then pretends that they are "assets", then using those so-called assets as collateral for even more new loans*
